SUPERIORITY.

"It fits to its purpose and design
process worth above all else."

THE superiority of Fit,
Finish, Fashion and
Wear of our Clothing as
compared with that of others
makes it worth at least
50 per cent more on an
even trade. So when you
can buy our kind of Cloth-
ing for much less than you
pay for theirs you are saving
a large per cent on your
purchase. An item worth
considering, is it not? Why
don't you take advantage
of it? Your neighbors are
doing it and we feel sure you
will also. 'Tis quite reason-
able you should. The
proofs of our better deal-
ings with the people are
very evident. Every day
brings customers who come
announcing their visit to be
by the personal recom-
mendation of others who
have proven to their perfect
satisfaction the better ad-
vantages we give clothing
buyers in qualities and
prices.

went to Jalapa to recruit and get a supply of

The only gateway to Guatemala is through
the Chingo Valley, and Gen. Ezeta threatens
to force a passage. A pitched battle may be
expected at any time. War has not been de-
clared, but it is expected daily. There are
500 Guatemalan troops here, 1,000 more
at Contapeque and 3,000 on the frontier just
west of here. Gen. Cuyetaro is in command
and with Capt. B. Emilio, a French artillery
engineer. They have twenty-four cannon,
high were hauled over 100 miles of mountain
road by Capt. Emilio with 400 mules and oxen.
Guatemalan troops are well armed, well
dressed, and when they go into the fight
they will be in good trim.

Emperor William's Visit.
VIENNA, Aug. 15.—The *Freidenblatt* com-
menting on Emperor William's visit to the
canal says: His Majesty's visit to Russia is a
favorable symptom and cannot fail to in-
crease peaceful developments. His visit to
the canal will be followed by a meeting with
Emperor of Austria in Silesia and this
also be a valuable confirmation of peace.
A first meeting will naturally have a reflex
son upon the second one.

ARRIVED AT ARKONA.
BERLIN, Aug. 15.—The German Imperial
yacht *Albatross* with Emperor William on
board, arrived at Arkona this morning. His
Majesty's sons boarded the yacht at that
place and remained with their father for a
quarter of an hour.

WILL OVERTHE GUEST.
A *Freidenblatt* Aug. 15.—The Russian
squadron of evolution has arrived at Reval,
and it will await the coming of Emperor
William and extend naval honors to his
majesty upon his arrival.

Tanner and Matthews.
LONDON, Aug. 15.—The disorderly scene
enacted in the House of Commons on Wednes-
day night, in which Home Secretary Mat-
thews and Mr. Tanner, the member of the
High Division of the bar, appeared as prin-
cipal antagonists to the subject of animated
discussion among members of the House.
Conservative Members, are of course, loud-
voiced denunciations of the rather homely and
decidedly forcible language employed by the
liberal member of the House.

THE DESTRUCTIVE PHYLLOXERA.
HAVANA, Aug. 15.—Bad news came from these
best-growing districts where is produced the
best vintage for champagne. It appears that
the dreaded phylloxera has attacked the De-
partment of the Marne, and has already more
or less completely ruined the vineyards of
Châlons, Reims, Epinal, Sainte Man-
che and Vitry-le-François.

M. Roche, Minister of Commerce, has
despatched M. Doute, a professor of the
science of agriculture, who studied the
phylloxera in France, to the menaced district,
and instructed him, if necessary, not to hesitate
to place in operation in the invaded localities
the rules adopted by the Government for
stamping out the disease. The greatest con-
flict prevails in the vine-growing districts.

Telegrams from Berlin announce that great
alarm also prevails in the wine-growing localities
along the Rhine, as the phylloxera has
made its appearance in that section, notably
at the neighborhood of Bonn, Koblenz,
Rudelsheim, Bingen and other places.

FELL WITH A CRASH.

A BREAK IN A FOURTH STORY BUILDING CAUSES EXCITEMENT.

An immense stone from the Zittlösen Tent and Awning Building Very Nearly Lands on the Head of G. B. Lippitt—The Girls in the Establishment Desert Their Work and Refuse to Return.

His morning at 10 o'clock as Mr. G. B. Lippitt, manager of the Zittlösen Tent and Awning Co., at 24 North Fourth street, was coming out of that building he barely escaped being struck by a stone cap about two feet square and weighing probably two hundred and fifty pounds, which had fallen from the third story.

The stone struck the sidewalk with terrific force, tearing a hole three feet across through the six-inch stone. Mr. Lippitt was going directly in the direction of where the stone struck, and had been a few feet in advance, would have undoubtedly been crushed to death. The shock to his nerves was a severe one and made him faint for a half hour or more.

DUE TO A SINKING WALL.
The detachment of the stone was due to the sinking of one wall of the building, which caused a bulge at the top, and so loosened all sills and caps on the upper stories. The excavations in the adjacent lot for the new seven-story building which the Catlin syndicate are building, have undermined and rendered insecure the north wall of the Zittlösen building. The occupants of the latter, apprehending such danger, put in braces and otherwise endeavored to strengthen the wall several days ago. But the condition of the upper half of the building this morning has aroused serious fears that the whole structure will collapse. The sidewalk is now blocked by ropes, and many of the employees in the building have refused to remain at their posts longer, affirming that the wall is cracking constantly and visibly settling. Two large cracks, one fully an inch wide, extend from the top of the first story to the roof.

HOW IT OCCURRED.
Mr. Lippitt was seen directly after his escape, and was in a state of very excusable agitation. "I had just walked up to the corner of Fourth and Locust streets," said he, "and then remembered I had left an account book at the store. I came back and got it and then hurried out just as I got outside the door I heard some of the women upstairs scream, and the stone strike a sill projecting from the second story. I jumped back and the stone fell exactly in my path and where I would have been if I had not stopped. I saw the building settle, the wall at that hole in the sidewalk and then think of where I would have been if I had not stopped. I am being greatly damaged generally. I am going to find some way to right things. I am going to see a lawyer and find some way to make them."

DESERTING THE BUILDING.
The employees of the building are in a state of great nervousness. The work is behind and they feel they are needed but declare they are in momentary dread of feeling the building give way. Many of the women last yesterday and several more this morning after the accident. The direct losses of the building, which is owned by the Catlin Co., were seen, but have no idea of what action they will take. Commissioner Ferguson was summoned and made an examination. He says there is no danger of the building collapsing, even were the entire front to fall. The building is now receiving what additional strength can be added by wooden braces and iron bars.

An immense Mass of Stone.

GEN. PALMER AT ALTON.

CREATED BY A LARGE CONCOURSE OF MADISON COUNTY FARMERS.

Reception in the Evening—Texas Democrats Complete Their Ticket—Platform Adopted by the People's Party at Topeka, Kas.—Congressional Conventions and Nominations—Minor Political Notes.

ALTON, Ill., Aug. 15.—The announcement that Gen. John M. Palmer, Democratic candidate for United States Senator, would speak at the F. M. B. A. picnic at North Alton today drew a large crowd to this city and when the General arrived on the Chicago and Alton train this morning he was met at the Union Depot by quite a company of old friends and acquaintances. Gen. Palmer resided in Upper Alton in early life for many years, and obtained part of his education at Sturtevant College, so that among the number that welcomed him were numerous and intimate acquaintances. The General's wife accompanied him, and they were escorted to the carriage by a Reception Committee composed of Col. Fuller Rodgers, Hon. John W. Copple, Editor J. J. McInerney, F. W. Joesting, John F. McGinnis, Dr. F. Hummer and a number of other prominent Democrats. The party were driven to the residence of Lacey Long, at North Alton, where they partook of an old-fashioned country dinner. At 3 o'clock Gen. Palmer addressed one of the largest crowds of people in the large grove near Mr. Long's residence. The General was very popular and with intense interest from the audience he spoke for an hour and a half, and frequently the woods rang with the shouts of applause from the farmers assembled. This evening he will hold a reception at Mr. Long's residence and renew many old and pleasant acquaintances. The meeting was a great success in every particular.

THE TEXAS DEMOCRACY.
SAN ANTONIO, Tex., Aug. 15.—The Democratic Convention at its third day's session added a number of names to the list of nominees. On the first ballot of the day Wm. B. Wortham of Hopkins County, was nominated for State Treasurer. The chief fight had been over this office and the result was greeted with continued shouting. A resolution was then adopted endorsing the administration of Gov. R. S. Ross. W. L. McGaughey of Hood, and Ed Linn of Victoria, were candidates for the nomination of Land Commissioners. The ballot stood: McGaughey, 153; Linn, 277. Linn was withdrawn and McGaughey was nominated by acclamation. There were several candidates for Superintendent of Public Instruction but H. Carr Fritchett of Walker County was nominated on the third ballot. The Executive Committee was re-elected for two years with N. W. Finley as chairman.

KANSAS PEOPLE'S PARTY PLATFORM.
TOPEKA, Kan., Aug. 15.—At the State Convention of the People's Party and Farmers' Alliance the following resolutions were adopted: 1. That all freight cars be equipped with the automatic air brakes and safety coupling appliances. 2. That we are opposed to the Blair bill as now pending before Congress, relating to arbitration of labor disputes. 3. That the Board of Labor Arbitration be appointed to settle all labor disputes, consisting of three members, of whom one shall be chosen by the employer, one by the employees and the third by the other two. 4. That we are opposed to the Importation of Pinkerton detectives by railroad companies for the purpose of coercing employees. 5. That we are opposed to the conspiracy law as now on the statute books of our State, affecting railway rates.

THE PARIS (ILL.) CONVENTION.
PARIS, Ill., Aug. 15.—The Democratic senatorial convention nominated John J. Campbell and John T. Rawland, both of Vermilion County, for Representatives from this district. He senatorial nomination was made. There was an attempt to induce Allen Varner, the industrial candidate, but it did not succeed.

THE RATE OF SPEED ATTAINED ON THE ROYALTON BI-CYCLE RAILWAY.
NEW YORK, Aug. 15.—A mile in 33 seconds was the rate at which a party of newspaper men were whirled along the Royalton Bicycle Railway yesterday from Gravesend to Barrow's Hotel at Brighton, Coney Island. Eben Moody Boynton the president of the company which has built the road, was on hand to explain its operations, and Gen. Geo. W. Winig, attorney of the Brooklyn Elevated Railway, watched the new style of passenger transportation with deep interest. A single bicycle passenger car was used, running upon one side of the road, the work on the car being a double decker car, to each deck being six double and one single compartments, each compartment being by itself and entered from the side of the car. Each seat accommodated three persons. The car was less in width than the standard wheels of the car are directly under the center, a double flange grasping the rail. The car is prevented from tipping over by double wheels on each side of a continuous wooden beam held up by the work on either side of the track. The engine employed is a bicycle engine, the wheels of the car are in a bicycle motion which is run on the principle of a hoop in motion which will fall over. It is the less likely to wobble or fall over. Mr. Boynton says his scheme is practical for elevated roads, and some engineering papers have already declared that it is destined to revolutionize the present system of passenger transportation. Mr. Boynton says he can carry 1,000 passengers at a rate of twenty miles an hour continuously, or 500 passengers at 100 miles an hour.

TOPEKA, Kan., Aug. 15.—At the State Convention of the People's Party and Farmers' Alliance the following resolutions were adopted: 1. That all freight cars be equipped with the automatic air brakes and safety coupling appliances. 2. That we are opposed to the Blair bill as now pending before Congress, relating to arbitration of labor disputes. 3. That the Board of Labor Arbitration be appointed to settle all labor disputes, consisting of three members, of whom one shall be chosen by the employer, one by the employees and the third by the other two. 4. That we are opposed to the Importation of Pinkerton detectives by railroad companies for the purpose of coercing employees. 5. That we are opposed to the conspiracy law as now on the statute books of our State, affecting railway rates.

THE PARIS (ILL.) CONVENTION.
PARIS, Ill., Aug. 15.—The Democratic senatorial convention nominated John J. Campbell and John T. Rawland, both of Vermilion County, for Representatives from this district. He senatorial nomination was made. There was an attempt to induce Allen Varner, the industrial candidate, but it did not succeed.

THE RATE OF SPEED ATTAINED ON THE ROYALTON BI-CYCLE RAILWAY.
NEW YORK, Aug. 15.—A mile in 33 seconds was the rate at which a party of newspaper men were whirled along the Royalton Bicycle Railway yesterday from Gravesend to Barrow's Hotel at Brighton, Coney Island. Eben Moody Boynton the president of the company which has built the road, was on hand to explain its operations, and Gen. Geo. W. Winig, attorney of the Brooklyn Elevated Railway, watched the new style of passenger transportation with deep interest. A single bicycle passenger car was used, running upon one side of the road, the work on the car being a double decker car, to each deck being six double and one single compartments, each compartment being by itself and entered from the side of the car. Each seat accommodated three persons. The car was less in width than the standard wheels of the car are directly under the center, a double flange grasping the rail. The car is prevented from tipping over by double wheels on each side of a continuous wooden beam held up by the work on either side of the track. The engine employed is a bicycle engine, the wheels of the car are in a bicycle motion which is run on the principle of a hoop in motion which will fall over. It is the less likely to wobble or fall over. Mr. Boynton says his scheme is practical for elevated roads, and some engineering papers have already declared that it is destined to revolutionize the present system of passenger transportation. Mr. Boynton says he can carry 1,000 passengers at a rate of twenty miles an hour continuously, or 500 passengers at 100 miles an hour.

GEN. PALMER AT ALTON.

CREATED BY A LARGE CONCOURSE OF MADISON COUNTY FARMERS.

Reception in the Evening—Texas Democrats Complete Their Ticket—Platform Adopted by the People's Party at Topeka, Kas.—Congressional Conventions and Nominations—Minor Political Notes.

ALTON, Ill., Aug. 15.—The announcement that Gen. John M. Palmer, Democratic candidate for United States Senator, would speak at the F. M. B. A. picnic at North Alton today drew a large crowd to this city and when the General arrived on the Chicago and Alton train this morning he was met at the Union Depot by quite a company of old friends and acquaintances. Gen. Palmer resided in Upper Alton in early life for many years, and obtained part of his education at Sturtevant College, so that among the number that welcomed him were numerous and intimate acquaintances. The General's wife accompanied him, and they were escorted to the carriage by a Reception Committee composed of Col. Fuller Rodgers, Hon. John W. Copple, Editor J. J. McInerney, F. W. Joesting, John F. McGinnis, Dr. F. Hummer and a number of other prominent Democrats. The party were driven to the residence of Lacey Long, at North Alton, where they partook of an old-fashioned country dinner. At 3 o'clock Gen. Palmer addressed one of the largest crowds of people in the large grove near Mr. Long's residence. The General was very popular and with intense interest from the audience he spoke for an hour and a half, and frequently the woods rang with the shouts of applause from the farmers assembled. This evening he will hold a reception at Mr. Long's residence and renew many old and pleasant acquaintances. The meeting was a great success in every particular.

THE TEXAS DEMOCRACY.
SAN ANTONIO, Tex., Aug. 15.—The Democratic Convention at its third day's session added a number of names to the list of nominees. On the first ballot of the day Wm. B. Wortham of Hopkins County, was nominated for State Treasurer. The chief fight had been over this office and the result was greeted with continued shouting. A resolution was then adopted endorsing the administration of Gov. R. S. Ross. W. L. McGaughey of Hood, and Ed Linn of Victoria, were candidates for the nomination of Land Commissioners. The ballot stood: McGaughey, 153; Linn, 277. Linn was withdrawn and McGaughey was nominated by acclamation. There were several candidates for Superintendent of Public Instruction but H. Carr Fritchett of Walker County was nominated on the third ballot. The Executive Committee was re-elected for two years with N. W. Finley as chairman.

SUED FOR SLANDER.
Mrs. Barbara Schmidt sued by Mrs. Mary Lettinger and filed \$25.

Mrs. Barbara Schmidt was fined \$25, and costs in the Court of Criminal Correction yesterday in an action brought against her for slander.

The prosecuting witness was Mrs. Mary Lettinger, 4500 Nebraska avenue, and a host of witnesses from the southern part of the city were on hand to give evidence on either side of the case.

The trouble seems to have originated over a ledge competition for a prize of \$50. Both Mrs. Schmidt and Mrs. Lettinger are members of the United Order of Hope, a fraternal insurance organization, which exists as a secret society in this city. Some time ago the grand lodge of the order offered a prize of \$50 to the member who brought in the largest number of candidates for initiation into the order within a certain period.

This offer, of course, incited all the workers to their utmost, and the fight was a hot one. The different lodges were anxious to secure the honor, and voted the prize to certain individuals in the various lodges and contests during the period.

Mount Pleasant Lodge voted in favor of Mrs. Schmidt, and secured her a total of twenty new members. Wallenstein Lodge, however, was for the front and carried away the prize for Mrs. Lettinger, with fifty names to her credit.

The contest stirred up considerable unpleasant feeling in the various lodges and the result did not in the least tend to improve the feeling between the two lodges.

Rumors were circulated in which Mrs. Lettinger's name was coupled with that of Mrs. Schmidt, and the result was a military language. The remarks were traced to Mrs. Schmidt, who made cross-charges of slander against Mrs. Lettinger and several of her friends. The affair resulted in the prosecution of a warrant against Mrs. Schmidt, and a trial of the case was to-day. Col. E. S. McDonald conducted the prosecution, while John S. Martin represented Mrs. Schmidt. Judge Campbell found the defendant guilty and sentenced her to the amount of \$25 and costs. The affair was allowed to drop, however. Applications will be made to the officers of the grand lodge for the ousting of several of those interested in the case, and a disruption of the order in this city is imminent.
